Regulation (EU) No 181/2011

https://transport.ec.europa.eu/transport-themes/passenger-rights/road_en

Disclaimer:

Each country listed below is responsible for the accuracy of the information it gives about its national enforcement bodies. The Commission cannot be held responsible for any missing or outdated information.

Explanatory note

All carriers shall have a complaint handling mechanism in place in line with Article 26 of Regulation (EU) No 181/2011.

Passengers may also submit complaints to one of the National Enforcement Bodies (NEBs) listed below.

Please note that in some countries (as indicated in the last column of the table), complaints shall first be submitted to the carrier. Passengers may only address their complaint to the NEB when the issue was not resolved at the level of the carrier (e.g. in the absence of reply within three months, if their complaint was dismissed, etc.).

Please also note that some NEBs may not be able to enforce your claims and offer you redress. If you are not satisfied with the carrier's response and/or with the answer from the NEB, you will have to pursue the matter through alternative dispute resolution or in Court.
